

Paper Based Systems and Content

Perfect for systems and content containing:

- ✓ Forms requiring completion
- ✓ Reference documents
- ✓ Standard set of strategic risks
- ✓ Critical master tasks requiring sign off

A full range of benefits

✓ Content is built once

Content is built once and maintained within a central platform with no technical limits on the number of forms, tasks and documents that can be maintained

✓ Tailored Analytics

Content can include online forms, checklists, critical scheduled tasks, risks and/or policy/procedural content documents.

✓ Unlimited Sites

All client sites can be setup with content deployed within minutes.

✓ Mobile Friendly

Users can complete, update or view this content via mobile devices without delay.

✓ Unlimited sites

Updates to any content is done once and then deployed within minutes and without delay to all sites with notification of the update.
